#### 85,000 ft-lbs Basic Capacity

**Compliance to** The Bidder shall indicate their compliance by checking "Yes" **Specifications** or "No" for each item specified. Any space not checked shall be interpreted as non-compliance and will result in disqualification of the bid.

Make & Model	<u>Titan 85 Propane Service Body</u> (Patented Design) 120" CA / 58"/52" Tall	Comply to Specification		Deviation from Specification
		Yes	No	
Capacity	Capable of handling up to 85,000 ft-lbs of crane moment load in all positions of rotation Be stable with full-load crane with <b>rear</b> <b>outriggers</b> fully deployed when mounted on adequate chassis as specified below			
	<b>NO front corner outriggers</b> are required for stability			
Specifications & Standards	Overall dimensions (LxWxH) • 169" x 94" x 52/58"			
	Inside vertical compartment height: • 51.79" for 52" Tall Rear Comp. • 57.79" for 58" Front Comp. Inside vertical Crane compartment height: • 43.13"			
	Overall compartment depth: • 22.00" (21.14" inside) for Tall Side • 22.00" (20.63" inside) for Short Side Weight (approximate):			
	• 4350 lbs. Minimum <b>truck chassis</b> of 11,400 lbs. GVWR, 34"-frame rail width and heavy-duty reinforced frame			
	Compartment storage space: • 85.59 cu. ft. Cargo Area			
	<ul> <li>Cargo Area</li> <li>72" floor width (without wheel wells)</li> <li>11-ga. A40 galvanneal tread plate for: <ul> <li>One piece floor</li> <li>Bulkhead plate</li> <li>Sides with integral compartment tops</li> </ul> </li> </ul>			

Tie Downs	
• (8) heavy-duty D-Ring tie downs	
• 6000-lbs rating each	
<b>Drip rail</b> – full body length with integral gutter	
Door hinges & pins:	
• Internal, stainless steel	
• Hinges are adjustable	
Door latches:	
• Compression style T-handle with	
adjustable cam	
• T-handle:	
<ul><li>Black powder coated receptacle</li><li>Zinc die cast</li></ul>	
• Low profile design with large gripping surface	
• Zinc die cast padlock eye	
• Tamper resistant locking mechanism	
• Double-sided key	
Individual body keying	
Door retainers:	
• Gas shock assemblies	
• Ext. Speed .0103 m/s	
Door frame gasket:	
• 80-durometer sponge and solid rubber	
• Bulge size .62" wide x .75" tall	
• Withstand 1 <sup>1</sup> / <sub>2</sub> ft-lbs impact @ -20° F	
• Heat resistance 150° F max.	
• Self-extinguishing	
• Passes Federal Spec. FSS-302	
Bottom vent for bottled gas compartment	
Grab handle – Heavy duty type handle with	
chrome plated finish	
Marker Light	
• 2-diode LED	
• Amber color for front of body	
• Red color for front of body	
• Meet federal lighting requirements	
Stop/Turn/Tail Light	
• Flush mounted, 4" round, 19-diode LED	
• Meet federal lighting requirements	
Back-up Light	
• Flush mounted, 4" round, white	
• Meet federal lighting requirements	

	Fender Area:			
	• Fenderettes – Molded high impact ABS			
	Prime / Paint:			
	• Primed inside and outside with universal			
	weathering polyurethane primer			
	Full undercoating			
~ .		<u> </u>		
	Body shall have integrated support structure			
Requirements	capable of handling the rated moment load in all			
	positions without permanent deflection.			
	Continuous longitudinal frame with C6x8.2#			
	structural channel			
	Structural cross sills consist of:			
	• 6"x4"x.25" tubing			
	• 6"x2"x.18" tubing			
	Compartment beneath crane is to be			
	unobstructed by structural reinforcements.			
	Crane reinforcement shall be constructed of .38"			
	formed steel plates with .50" minimum steel			
	plate for compartment top beneath crane.			
	Body sheet metal shall be A40-galvanneal steel			
	with a minimum of:			
	• 10-ga., formed one-piece continuous			
	sides with integral ends			
	• 11-ga. tread plate on all sides of cargo			
	area and top of compartments. (Ref.			
	Cargo Area above.)			
	• 14-ga. door frames with integral			
	compartment dividers			
	Doors – double paneled, A40-galvanneal steel:			
	• 10-ga. for outer			
	<ul> <li>14-ga. formed for inner</li> </ul>			
	• Shall be able to be opened and closed			
	under load without loss of sealing			
	characteristics	<u>├</u> ───		
	Door frames shall have round corners to resist			
	stress and cracking			
Wonnorty	Manufacturer shall provide:			
warranty	• A five-year limited body warranty against			
	A rive-vear numer body warranty against	1	1	

Warranty	Manufacturer shall provide:
	A five-year limited body warranty against
	rust-thru from date of delivery
	A two-year limited warranty against
	defects in materials and workmanship
	from date of delivery for items not in the
	5-year policy

Options       Shelving package for 120° CA, consisting of:         (Must be available as required)       8 adjustable shelves         1 shelf with small parts dividers				1	
required       1 shelf with small parts dividers         3 material hooks       1         Tool tray       1         • 500-bs rollout capacity       1         • Latch closed       1         Compartment lighting – rope light       1         Flood light – quartz type, 100,000 candle power       1         Crane boom support – adjustable to stowed boom angle       1         Bumpers:       1         • 30" type with:       1         • 10-ga.
