

Superfilm 5W-20 Hydraulic Oil

Superfilm 5W20 Hydraulic Oil is a premium anti-wear hydraulic fluid with outstanding low temperature characteristics. It is specially formulated for use in mobile equipment hydraulic circuits where wide temperature ranges are encountered.

It also can be used for traditional in plant hydraulic applications, and exceeds most industry hydraulic fluid specifications, including:

- Denison HF-2, HF-0
- Vickers
- Cincinnati Milacron
- Jeffrey
- Commercial Shearing
- Sunstrand
- Rexnord
- Racine

Typical Properties

SAE Grade	5W20
Product Number	402260
Flash Point, °F	439
Viscosity @ 40°C, cSt	54.0
Viscosity @ 100°C, cSt	8.8
Viscosity Index	141
Pour Point, °F	0
Spec. Gravity @ 60°F	0.859
CCS @ -30°C, cps	6,600
Water Separation @ 54°C	40/40/0 (10)

The above stated properties are typical for normal production and do not constitute a specification. Variations in production are expected and do not affect product performance.
